1 DEAD, \$8,285 DAMAGES IN 9 CAR CRASHES

Nine area motor vehicle accidents over the weekend resulted in charges of careless driving against three drivers, caused \$8,285 damages and one death.

Saturday 24 year old Robert D. Hoffman of R.R. 1, Peterborough died after he lost control of his motorcycle and struck a rock on a sharp curve on Highway 60 east of the Ontonagon Lake Post Office.

Mabel Nesbitt, 24 years old, of Aurora was charged with careless driving after her car left Highway 35 south of the Moore's Falls Bridge. Charges of careless driving were laid against two other drivers involved in separate accidents. Ralph J. Joyce, 63, of R.R. 1, Haliburton and Dennis C. Albridge, 22 years of Brimston.

Mr. and Mrs. John Harrison of Hyland Crest Senior Citizens Home, Minden, 82 and 84 years old respectively, are in Ross Memorial Hospital, Lindsay following a two-car collision in Minden Sunday. Driver of the second car, Kenneth Jackson and his wife, were treated for minor injuries at Minden Red Cross Hospital.

Brownies end year

Piñatas and boccaleros from Mexico, limbo from Jamaica, chopstick eating from China, glass from Italy were some of the events enjoyed by the Minden Brownies as they closed off their meetings for the year with a Brownies International Party, June 4. The Brownies enjoyed participating in the Jamaican limbo to steel band music. Boccalero games from Mexico (wooden pieces on a string attached to a stick has to be flipped up onto the stick catching the hole drilled into the object) provided much fun and frustration. On to China and a team relay with each girl allotted so much time to eat as much rice as possible with chopsticks! Then into the Home Ec Room for hot pizza from Italy. Back to the gym for the Hoop! Piñatas from Mexico in the shape of Pedro Fig. All the girls were fitted with blindfolds and sticks with which they proceeded to hit the piñatas until it yielded its goodies. This is a Mexican Christmas custom. Brownies gathered the goodies and divided them evenly. All sang their taps and said good-bye to their leaders, Mrs. Diane Clendinning, Tanya Orl and Mrs. Kathy Wrightman, Brown Owl.

WHITE WATER—

THIS SCENE WAS REPEATED AGAIN AND AGAIN OVER THE RECENT HOLIDAY WEEKEND AS SOME 60 COMPETITORS AGE 13 TO 17 YEARS DARED THE CHALLENGE OF TURBULENT HORSESHOE FALLS IN THE THIRD ANNUAL WHITE WATER SLALOM RACES SPONSORED BY THE ONTARIO CANOE CRUISERS, SANCTIONED BY THE ONTARIO WILD WATER AFFILIATION. THE RACE WAS RUN UNDER INTERNATIONAL CANOE FEDERATION RULES. COMPETITORS CAME FROM AS FAR AWAY AS MONTREAL AND DETROIT TO TAKE PART IN THE TWO-DAY CONTEST.

Nursing County Dist A Bus Centennial Award

services
By R.F. Good,
Business Administrator,
Haliburton, Kawartha, Pine
Ridge District Health Unit.

As a result of discussions with the Ministry of Health it has been decided that the Victorian Order of Nurses will provide the Nursing Services for the Home Care Programme and the Nursing Care in the Home Program.

These Nursing Services, which previously were provided by the Nursing Staff of the Health Unit will be provided by the Victorian Order of Nurses in Haliburton County effective June 1, 1974.

As the Victorian Order of Nurses will be accommodated in the Health Unit Office in the Village of Halibur-

ton for some good buys. Cost is \$1.75 for the round trip according to Ken Pettigrew, a spokesman for Brown-

When former Brownies director Marvin Brown decided he didn't like seeing his vans idle all day and which are normally used to transport Brownies children, Brown and staffer Paul Dillon obtained a taxi license from Stanhope Township permitting them to offer Dial-A-Bus services to the area's elderly residents. Thursday was picked as the best day to take people into town, because the eye doctor is in Haliburton on Thursday, the stores aren't too crowded, and there is usually a wide selection plus the ton, referrals should continue to be directed to that Office until an answering service is arranged.

Cost is \$1.75 for the round trip. According to Ken Pettigrew, a spokesman for Brown-

Even the Brownies want to get into the Centennial Act! 1st and 2nd Minden Brownies planted their Centennial Marigold Garden outside the dining area of Hyland Crest on May 27th. Under the leadership of Mrs. Judy Pere, Mrs. Diane Clendinning and Mrs. Kathy Wrightman, the Brownies performed their fairy ring and six songs outside at the request of some of the residents who were guides and brownies of another era. The Brownies lined up across the dining room window and sang their taps making their Brownies signs and waved good-bye to an enthusiastic and interested audience.

Brownies project

Gordon B. Schaffee of Haliburton has been awarded a Construction Safety Association of Ontario certificate. Mr. Schaffee is one of 10 Sir Sandford Fleming College students in construction engineering technician courses to receive the certificates along with 10 civil engineering technology students, following completion of a comprehensive 15-hour safety course. Instructor Fritz Heiling-brenner said the course was designed to give students a general awareness of accident prevention and construction safety, along with enough specific knowledge to enable them to supervise on-the-job safety practices. He noted this was important because many of the graduates would eventually become construction superintendents, a role which includes overall responsibility for safety on the job site.

HERE and THERE with NORM MAIDENS

Took a short run around the village looking over the flag situation -- matter of fact I was quite surprised at the number of firms that had flags. Starting at Letterworth Pines the Havelock gift shop had four or five different nations flying. The Stedman store had the usual number of flags on the go -- as I've said, before Garry deserves a lot of credit for his flags -- what with stealing and vandalism it has cost him a small packet to keep going. Along the by-pass the O.P.P. -- Ontario Hydro -- Dept. of Lands and Forests (or whatever they are called now) -- the Chamber of Commerce usually has a couple up but they were missing this time as I went around.

The Progress office and Case Real Estate had a couple up and, as usual Floyd Hall had a brand new Ensign flying. Last year when I ran a check on the flags I missed Sandy White for which I apologise -- Sandy hasn't opened her shop yet but her standards are all ready for action. The Municipal office, the Post Office, and the County Building were in business. Flags were also flying on the Archie Stouffer School and the Ryland Crest Home.

Doug Campbell, Ontario Hydro Manager, had his British Ensign flying -- one of the few private homes with a flag. Just as I was finishing my trip I ran into about a dozen flags in a small parade being led by the Haliburton Pipe Band, (which looked very smart indeed). The L.O.L., -- Scouts, Brownies and Girl Guides were in the parade. In the male section of the L.O.L. there were so many steps it would be hard to figure which was in or out -- looked to me that our genial M.P.P. Glen Hodgson was the closest to the 'beat'.

Please accept my apologies if I have missed anyone -- If I have, write in and pour it on me.

At the present time I'm in the toils with the Department of Internal Revenue -- it seems I owe Her Majesty's government five hundred bucks plus -- not much in the way of why -- or how I'm going to get the scratch but if all when I get it sorted out I'll take you along the path with me and maybe you won't fall into the same trap. One thing I will say -- Governmental explanations are hard to come by.

A couple of weeks ago you saw the pictures of 'Tops in Taps' our local rock group called 'Steamin' -- I know now as these boys got their name, I caught their act Saturday night at the Haliburton Legion and those young fellows are work hard -- when they stepped off the stand for a short break the 'Steamin' was literally rising off them. The paper one of the combo was missed out -- Mike Elder is organist -- the other members are, as you know, Wally Greig, Dick Stouffer and Harold Morgan -- believe me we don't need to go outside of our village to get a real rock group.

Have a few notes here from my good friend Lawrence Richard concerning the early days of the telephone in Minden and area. Next week I'll pass them on to you.

As I'd better throw a little story in here -- material getting short. Used car dealer was telling me the other day that the standard pitch about the car being owned by a little lady who used it only on Sundays has been replaced by a sympathetic who only used the back seat.

As that's another week -- drive carefully. Chester has forgotten his letter into the paper and rumour has it Fenwick Finch is trying to set up a new polling division between Jet, and may contest the next election with I think the present incumbent. Work goes through with this we'll suddenly realise 'ough shape we are in. All of all this -- protect yourself on the Highways, I got killed in an accident caused by stupid driving.

Small, 2 bedroom house. Excellent well. Large garden. 5 acres with good highway frontage. Full price only \$9,900.00.

Five acres, water frontage, view of nice water falls, good building site, year round access. Needs some fill. Only \$8,500.00 full price.

50 acres with approximately 3,000 ft. of Burnt River frontage, near Kinmount. Very private, scenic. Only \$30,000.00. Terms.

Two beautiful lakeshore lots. Sandy beach, very scenic. \$9,900.00 each.

Various nice cottages available at several local lakes, as well as building back lots with lake access.

Several 25 acre properties, beautiful land near Norland.

Two bedroom home, year round, water front with access to Trent System. Stone fireplace, full basement with family room, garage. Asking \$27,900.00.

BEYOND REASON

by

PETER G. SWEET

(For some six months now the almost nightly sightings of unidentified flying objects in the skies of Haliburton County have aroused the curiosity of not only area residents but countless Progress readers across North America.)

Mr. Sweet has been a student of UFO's and other unexplained phenomena for the past 25 years, gathering both published and unpublished data and attending lectures...ed)

THE ABDUCTED

(8TH IN A SERIES)

George Adamski's peaceful encounters are contrasted with reports of hostility on the part of alien beings. There are accounts of kidnappings, abductions and obvious harm being done to people where there has been some form of contact, as in the case of Florida Scout Master D.S. Desvergers. While driving on the outskirts of West Palm Beach (taking home a group of boys from a scout meeting) on the night of August 19, 1952, they noticed a white flashing light in the bush to the right of the car. Stopping to investigate, he alone entered the bush carrying only his machete figuring that someone was in trouble. About seventy-five yards in the bush he came to a clearing and was stopped in his tracks by the sight of a huge disc-shaped craft hovering thirty feet above him. It was surrounded by a red, phosphorescent mist and he noted an intense, pungent, acrid smell and an intense feeling of heat in the surrounding area. Up to this time there was no sound. All of a sudden, he heard the metallic clanking of a door opening and out of the ship came a 'baseball-sized' ball of fire approaching him at a fast rate. His nostrils were filled with the smell of rotten eggs. Dropping his machete and holding his arms to his head to protect his face, he fell to the ground unconscious. On regaining consciousness about twenty minutes later, he staggered out of the bush for help, feeling that he had been severely burnt on his upper body.

It turned out later his burns were not severe and he recovered in a few days. Investigators found that the grass and the roots of trees in the area where he had been were charred and they could come up with no answer as to what had occurred.

The most classic case of an abduction happened to Barney and Betty Hill of Portsmouth, New Hampshire, on the night of September 19, 1961, returning home from their holidays in Montreal. While passing through Lancaster, New Hampshire, they observed a white manoeuvring light in the distant sky. Stopping their car and getting out, they watched what they were sure was a UFO through binoculars for a period of about ten minutes until it disappeared behind Mount Cannon.

On returning home they were both aware that their trip, which they had taken many times before, for some reason took them two hours longer. In the weeks following this event they both suffered from intense nightmares and feelings of growing anxiety. Finally, on December 14, 1963, they sought the help of Boston psychiatrist, Dr. Benjamin Simon. He felt they were suffering from trauma and needed hypnosis to find the answer and recommended they both take hypnotherapy. During the course of many sessions, they both related identical stories. They had lost from their memory two hours of their trip which was pinpointed as an occurrence that took place after sighting the UFO. The UFO had landed and six humanoid creatures with 'elongated eyes and lips that appeared to have no muscles' forcibly took the HILLs into their cigar-shaped spacecraft where they were medically examined. Betty Hill said that a six-inch needle was inserted in her navel, being told that it was a pregnancy test. In conversation with the aliens she asked them from how far away they had come. They did not seem to comprehend the term 'far' and, pointed to one particular body on a star map containing a group of thirteen planets, which she was later able to draw under hypnosis. Betty Hill picked up a book as evidence of their encounter. The aliens argued among themselves and snatched the book away from her. On being physically returned to their car by the aliens they were both instructed that they would have no memory of this event.

A book relating the HILLs experience was published by John G. Fuller, 'The Interrupted Journey', and an elementary school teacher, Marjorie Fish, from Oak Harbor, Ohio, became interested in Betty's star chart. She had a feeling she knew the galaxy this map represented. Spending six years on extensive astronomical research she constructed in her back yard a three-dimensional, thirty-six inch scale model of this galaxy. By viewing it at various angles, she finally discovered, to the satisfaction of professional astronomers, that the aliens had come from an area of two planetary bodies in the constellation Reticulum (thirty-six light years away from earth) that were called Zeta 1 and Zeta 2.

Studying the HILLs story and the research done by Marjorie Fish, some have speculated that these beings were travelling on a well-established trade route and had stumbled onto earth by accident.

NEXT WEEK: PASCAGOULA

SENIOR CITIZENS' DINNER

As an appropriate follow-up to Senior Citizens Week throughout Ontario the Senior Citizens of Haliburton County are being honoured once again at Hyland Crest.

This Haliburton Centennial Year is a special one for all and it is our hope that it will be an especially interesting one for those who relate to the early years of the County and its struggle to survive and prosper.

All citizens of Haliburton County over 70 years of age, with their spouse and/or escort, are invited to come to dinner at Hyland Crest on Tuesday, June 25th at 5.30 p.m.

Dinner will be followed by an interesting program and entertainment at 7.00 o'clock. It is also hoped that many will make it an occasion to renew old acquaintanceships and recall old times.

As we must know how many to prepare for all who wish to attend will be sure to let us know by June 21st.

Send the coupon below or phone 286-1140 and a place will be reserved for you.

TO: HYLAND CREST HOME,
BOX 30,

EDITORIAL

Really!

One by one Canada's federal politicians are hitting the election trail.

One of the first to hit the road (we have the feeling he never really stopped electioneering since the last election) is Canada's NDP Leader, David Lewis.

Speaking recently he urged strong measure to control inflation, but while calling for the control of prices he argued that wages should be left free to soar to whatever heights they wished.

That may be just great with the labor movement but for the rest of Canada, it would be a shortcut to economic bankruptcy.

Really, Mr. Lewis, you know better than that.

Trilliums

One of the more glorious sights of Spring each year is the panoramic wildflowers carpeting our forests. Although with us only briefly, their tenure festoons the woodlands with colors rivalled only by the Fall.

This has been a good year for our Provincial flower, the Trillium. One of the best, in fact. Whatever the reason, they've never been bigger nor in greater profusion. What's more, we are in the month of June and they're still with us.

The slow greening of the Highlands countryside this year has made this an ideal season to enjoy the Trilliums that are only in the past few days becoming increasingly obscured by foliage.

If you haven't taken a moment as yet to enjoy the Trilliums do so during the next few days while they are still with us.

You'll never find a better excuse for a drive through the countryside.

OTHER VIEWS

What sells

Here's an interesting commentary on an issue that crops up now and then in every community, including our own. 'Frankly, it makes me a little angry,' said Philip Rawls, head of the University of Alabama program council, in discussing the types of entertainment offered by the university and the public's reaction.

'We had the Lippizaner stallions here, open to everyone, and only drew 2,500 people in a 16,000 seat stadium,' he expalined. 'We showed Chaplin's Modern Times and 100 showed up. Then we booked a Swedish porno film and filled the house for two shows!'

'So we asked ourselves: What do people want to see?' (The St. Catharines Standard).

LETTERS TO THE EDITOR

Re: Rural Airport Facilities in Ontario-Stanhope Municipal Airport A Case Study

The township of Stanhope is attempting to enlarge and extend the airport facilities at Maple Lake. The Maple Lake Property Owners Association is opposed.

A public opinion survey of the local residents of Stanhope shows that the majority of residents oppose any sort of extension to the existing facilities and will in fact never have any personal use for these facilities.

This case study suggest that a detailed study be prepared to justify plans for extension and that a public referendum be held to determine public support. There must be more public participation in local government and this could be encouraged by changing the Council meeting day to Saturday. The airport extension should not commence until all participants are satisfied that it meets the needs of the community.

Willowdale, M2H 1T2.

DOJARS & GOOD SENSE

by WILLIAM J. MARTIN
Special Consultant to
Auto Financing Services

With the gasoline shortages now firmly a part of our lives, how we drive can make as much of a difference in gasoline consumption as what we drive.

The first reaction of many drivers when fuel supplies got short, was to sell their larger cars in favor of the smaller, more economical models. However, much more economical they are can vary widely, and I've already discussed the U.S. Environmental Protection Agency gasoline mileage ratings.

These ratings do not necessarily indicate what your experience will be, however. How you drive can add many miles per gallon to your fuel consumption.

Driving for maximum fuel economy can be very frustrating, and most of us will have to be far more patient than we have been in the past. The results, though, could be worth the trouble.

The E.P.A. guidelines listed a 1974 Ford LTD as getting only 10.7 miles per gallon. A professional driver drove such a car from Phoenix to Los Angeles and boosted this figure to 20.3 mpg - nearly double the "official" mileage.

How can you benefit from such increased mileage? Be a featherfoot. In my next column I'll discuss how you can change your driving and boost your mileage.

Readers' questions are welcome and should be sent to Box 5875, London, Ontario.

Being Roped In Again!

THE CAMERON ROAD

By R Glen Hodgson

In this year of 1974 it would be of interest to take a look at the early Colonization Roads of Haliburton County in their Centennial year celebrations. With this in mind I have found through research on early Government books and documents the following brief history:

Water Safety Week

June 1-8

Back in the good old days - before new math and Dr. Spock - there were rules and regulations covering just about every activity people did. And like the Ten Commandments, most of the rules began "Thou shalt not" or "Don't" or "Never" - sound people stuff.

Red Cross Water Safety rules were like that too. "Don't swim alone." "Don't dive into unknown waters." "Don't overload your boat."

Psychologists said this was the wrong way to approach the problem. They claimed that "Don'ts" and "Never's" caused people to feel guilty.

So the writers of rules and regulations went back to the drawing board and they re-phrased everything. "Don't cross the street on a red light" became "Cross the street with the green light only."

"Don't swim alone" became "Always swim with a buddy." "Don't dive into unknown waters" became "Investigate unknown water before you dive in." And so on.

We must count the instruction pill. Last year 1,339 people drowned in Canada, an increase of 17% over 1972. Most of the tragedies occurred in the age group 16 to 30, people in the prime of life.

Has the sugar-coated pill become a placebo?

In an effort to "avoid turning people off" have we made them turn a deaf ear instead?

No one wants to go back in the time when people feared the water. Swimming and boating are good, healthy activities. But a little more respect for the dangers is certainly indicated.

THE CAMERON ROAD - This Road joined in general the villages of Minden, Norland, Cobocoonk and Rosedale and is somewhat the present location of Highway 35 through the area.

In the year of 1867 we find the following comments in the Report of the Commissioner of Crown Road for the year ending December 31: CAMERON ROAD - A short road from Balsam River in Fenelon to the Monk Road in Digby, about 18 miles; 12 or 14 of which have been roughly made. It has been expended on it \$3,700. It answers no reasonable colonization purposes.

In the year 1872, the comments were as follows: CAMERON ROAD - To extend the Cameron Road to the Village of Minden and construct a bridge across Gull River below Moore's Lake \$1,000 was appropriated. The road has been opened between the points named as a winter road. Total expenditure \$600.00. In the year 1873 the comments were as follows:

CAMERON ROAD - This road has been completed within 4 miles of the Village of Minden, 12-1/2 miles have been wrought over. A good portion of the line has been difficult to construct, being excessively stony and broken. The completion of this road to Minden will supply a very important link in the internal chain of communication with agricultural settle-

ments in the northerly parts of the Counties of Victoria and Peterborough. It will enable the inhabitants to avail themselves of all the transport advantages of the Toronto and Nipissing Railway, as it already connects as far as completed, the settlements in the former county with the Cobocoonk Station on the above railway. The total expenditure on the road, this year is \$4,145.90. In the year 1874 the comments were as follows:

CAMERON ROAD - On the contract work of this road an additional amount has been paid of \$200.00. Some necessary improvements have been made on this road this season, reaching from a point a little north of the Village of Norland to the Village of Cobocoonk, a distance of about 6 miles. Expenditure on account \$563.02. In the year 1882 the comments were as follows:

CAMERON ROAD - This appropriation was spread over 6 miles, extending from the Rosedale Locks to the Village of Cobocoonk. A good deal of rock blasting was done, this element being the chief difficulty with this as with many other colonization roads. Expenditure \$200.00.

Included in the comments of 1883 were these concerning the Cameron Bridge which is over Black Creek. CAMERON BRIDGE - Built over the Black Creek on the Cameron Road about 3/4 mile south of Moore's Falls. The bridge is 140 feet long - main piers 35 feet high from bed of creek. It is composed of three piers and two abutments with pine superstructure and hand rail. Expenditure \$460.54.

GOOMBAY

Bahamas' people-to-people program this summer orients visitors with Bahamian way of life

NASSAU, Bahamas — Getting to know your Canadian visitor on the left and Bahamian man and his daughter on right enjoy festivities of Goombay Summer in Nassau, capital city of the Bahamas. Goombay Summer is a people-to-people program held annually in Nassau, Freeport and the Out Islands to expose visitors to the Bahamian way of life. Folklore shows, fashion displays, street dancing and parades are all part of Goombay Summer, which lasts from June 1 to August 31 this year.

HALT'S LAKE NEWS

by Doreen Stinson

at Stanhope Air Field on Sunday, June 2nd, was a great success. The day proved to be perfect for the many planes, the stunts, and all the interesting and exciting events the Committee had lined up for the day-long program. Carlin's Aerobatic Team and the Parachute Jumpers, the water-bombing demonstration by the Lands and Forest boys were all spectacular and watched by the crowd with great interest. The Centennial Choir and the famous Haliburton Pipe Band were featured also and did their parts well. We think Mrs. L.J. Rawlins deserves a big hand for helping out by M.C'ing the Choir and for doing so much to co-ordinate the Centennial Choir. Louise Watson has been doing a great job too for the Airport Committee and these Fly-In's demand a lot of organizing behind the scenes as well as on the Big Day itself. We understand another one will be coming up in the Fall.

Mrs. Jean Wheeler had an eventful week-end recently when five of her grandchildren were christened at St. Stephen's Church by the Rev. Andrew Hutchison. They are the family of her son Richard and his wife Lou. Mr. and Mrs. Rose (Mrs. Rose is Mrs. Wheeler's daughter) and family, and also another son Ron and his family were all home for the occasion as well as Mr. and Mrs. Lorne Rose of Belle River who visited for a few days. On the Monday, a service of burial was held for the late Mr. Lawrence Wheeler with Requiem Mass conducted by the Rev. Andrew Hutchison.

Centennial Day at Ontario Place was quite a wonderful experience both for those who participated and those who went to enjoy all the events and saw the Place for the first time. Approximately 20 bus loads of Haliburtons travelled to Toronto last Saturday and the only adverse thing we have heard was that it was pretty chilly there by the waters of Lake Ontario. Those who organized the busses, the Choir and the Bands, etc. must certainly be complimented and thanked for all their fine efforts.

Mr. and Mrs. Humphrey from Florida and Medina are back at their cottage on Kushog Lake near Ox Narrows. Although they sold their lovely cottage to the Nevilles they have been invited to continue to use it and since they do enjoy Haliburton this is a very nice arrangement.

Many people are busy putting in gardens this year to help combat the food shortage and high cost of produce. Mr. Brooks on the Hawk Lake Road has a wonderful selection of flowers and plants and hopes to build up a nice market-garden business.

Mr. and Mrs. Raymond Oliver and family were week-end guests of Mrs. Mary Oliver over this past week-end.

The Esso Station previously owned by Flo. Cummings has been sold to a couple from Burlington, Dale and Carole MacDonald. Mr. MacDonald is a mechanic and has previously operated successful gas station businesses in Burlington so this should be quite an asset to this area. Although they have not taken up residence yet, we do wish to welcome them.

The Stinsons took a few days off recently and visited Hamilton, Mississauga, Mount Forest, Bridgeport, Cambridge (Galt), Bramalea, Fergus and Guelph. In Mount Forest they attended St. Andrew's Presbyterian Church where the Rev. Lloyd Clifton is the Minister in charge. The Clifton family owned and operated Tall Pines Resort on Highway 35 a few summers ago. Their son is graduating also as a Presbyterian Minister and their daughter Beth Anne as a Deaconess in just another week or so. The Cliftons have a cottage on the South end of Hall's Lake and come to it whenever their busy lives allow them to do so.

At the regular meeting of Club 35 just held this evening (Monday) it was decided to not hold the Wine and Cheese Party as our Centennial Project. A bake-sale and rummage sale is coming up in July, there will be Bingo games every Wednesday evening during the Summer, Euchre Parties each Monday, and a good number of the Club Ladies will be involved in the Guild's big annual Tea and Raffle on July 31st at the Club, so it was felt there were just too many events to organize another one at this time. Perhaps later — as someone pointed out "Centennial Year" goes on until the end of the year!

Auxiliary members of Nyland Crest are busy making plans for the Country Store at the Gay Nineties Night on July 4. We understand the men will have the Chuck Wagon there for serving something hot and the ladies will be on hand with goodies in their store, all in their old-fashioned costumes too, we hope, which should prove to be quite an attraction. Hope you are keeping tab on all these important Centennial dates coming up — like the Centennial Ball on Friday June 14 at the Community Centre. Hall's Lake people are urged to attend as Stanhope Township is taking a part in this big special gala night to be held at the new Arena in Minden.

TODAY'S HEALTH

Measles can — and should be prevented!

by David Woods

The trouble with measles, and German measles (or rubella), is that instead of being forgotten illnesses — they're simply liable to be disregarded.

We have the vaccine to prevent both diseases. In Ontario a combined vaccine to immunize against measles and rubella has been readily available since 1972.

Yet there were nearly 3,000 cases of measles reported in this province last year, and more than 600 of German measles. A Toronto physician, who specializes in public health, described this situation "as a disgrace."

Of course part of the problem stems from the fact that most people aren't quite sure whether they've had either or both of these afflictions. And there's still a widely held view that every child gets them — that they're practically unavoidable nuisances along the way to maturity — like toilet training, or acne.

But both types of measles can and should be prevented.

If your child hasn't been immunized, ask your family doctor or medical officer of health about the combined vaccine. One injection gives long-lasting protection. The Ontario Ministry of Health has distributed nearly half a million doses of it to physicians and medical officers of health since it became available in 1972.

Children should receive the vaccine as soon after the age of 12 months as possible.

With children getting into group activities so much earlier today than they used to, risks of catching and spreading contagious diseases

like rubella and measles are increased.

While measles and rubella are generally regarded as being pretty harmless, both can have serious complications.

Measles is easier to recognize: the child has symptoms of fever — cough, runny nose and heavy eyes — for about four days before the rash appears. The rash is red and blotchy starting on the head and moving downward. It lasts for five to seven days.

Measles can lead to otitis media (an inflammation of the middle ear) and, in about one case in a thousand, to encephalitis — an inflammation of the brain that can leave the child retarded.

Rubella is much less obvious than measles. Sometimes there are no visible signs at all. It's a mild disease for the person who has it, but if a pregnant woman contracts rubella her unborn fetus can be damaged.

Women of childbearing age should also ensure that they have had rubella or been immunized against it — and do so before there is any chance of pregnancy. Rubella vaccine must not be given to pregnant women.

For the sake of ourselves, our children, and our future children, it makes sense to take advantage of the weapons science has given us to combat rubella and measles.

Then they'll really become the forgotten diseases.

David Woods is a former editor of Canadian Family Physician magazine. He has served on the staff of four medical publications, and written for several others in Canada and internationally.

TENDERS

TENDERS ARE INVITED FOR THE FOLLOWING ROAD CONSTRUCTION EQUIPMENT:

ONE TRACTOR BULLDOZER CRAWLER - MINIMUM 75 DRAW BAR HORSE POWER, APPROX. 80 HOURS.

ONE FRONT END LOADER - CRAWLER MOUNTED - MINIMUM BUCKET CAPACITY 1 CU. YD. APPROXIMATELY 145 HOURS.

ONE FRONT END LOADER - WHEEL MOUNTED - MINIMUM BUCKET CAPACITY 1 CU. YD. APPROXIMATELY 80 HOURS.

ONE TWO-HAMMER COMPRESSOR - MINIMUM 200 C.F.M. APPROXIMATELY 85 HOURS. MINISTRY PERSONNEL TO OPERATE HAMMER.

FOUR SINGLE REAR AXLE TRUCKS - MINIMUM 27,000 G.V.W. APPROX. 80 HRS. EACH TRUCK.

FOUR TANDEM REAR AXLE TRUCKS - MINIMUM 40,000 G.V.W. APPROX. 80 HOURS EACH TRUCK.

ONE BACKHOE - MINIMUM DIGGING DEPTH OF 18 FEET. APPROX. 16 HOURS.

ONE POWER GRADER - MINIMUM 45 H.P.

JOB LOCATION:

HINDON ANSON FOREST ACCESS ROAD, LOCATED APPROXIMATELY 4-1/2 MILES WEST OF THE BOBCATGEON ROAD ON HALIBURTON COUNTY ROAD NO. 1 - 2 MILES TO BE CONSTRUCTED IN A SOUTHERLY DIRECTION. STARTING DATES FOR VARIOUS EQUIPMENT WILL BE ANNOUNCED AT A LATER DATE.

INTERESTED PARTIES MAY OBTAIN TENDERS AT THE MINISTRY OF NATURAL RESOURCES DISTRICT OFFICE, MINDEN, ONTARIO. CLOSING DATE - MONDAY JUNE 17, 1974 AT 12.00 O'CLOCK NOON.

TRAVELLING TIME TO AND FROM THE JOB, AS WELL AS MACHINE FLOATING TIME, FUELS, LUBRICANTS, MAINTENANCE, MOVING OF COMPRESSOR SHARPENING OR REPLACING DRILL BITS, IS THE TENDERS RESPONSIBILITY.

RENTED EQUIPMENT MAY ALSO BE USED FOR MINOR ROAD MAINTENANCE WORK THROUGHOUT THE DISTRICT.

TENDERED EQUIPMENT MUST OPERATE AT STATED CAPACITIES.

TENDERS MAY BE SUBMITTED FOR ONE OR ALL ITEMS.

TENDERS MUST BE SUBMITTED ON PROPER TENDER FORMS.

LOWEST OR ANY TENDER NOT NECESSARILY ACCEPTED.

EQUIPMENT SUBJECT TO INSPECTION BEFORE TENDER IS ACCEPTED.

BOARD MEETING

Ontario Institute

The Semi Annual Spring Board meeting of the Federated Women's Institute of Ontario was held at the University of Guelph, Guelph, April 22nd - 26th. The sessions were held in the Watson Hall, all 32 Board Directors and 1 Junior Director in attendance.

Mrs. H. L. Noblitt, Ottawa, the president was in charge of the session with Mrs. Wm. G. Miller, Highland Creek, secretary-treasurer, assisting.

Mrs. Miller reported attending all sessions of committee meetings in connection with Finance, Scholarship, Officer's Conference, Erland Lee Home committees and many others. Lists have been prepared of those who are eligible to be elected as provincial president. Many messages of sympathy and tokens of appreciation have been sent to the winners of the Associated Countrywomen of the World competition. Mrs. Noblitt and Mrs. Miller have been making arrangements for travel to the A.C.W.W. Conference, in Perth, Australia in October, 1974. Office mailings have been 7,940, secretary's mailing 654. The above does not include large mailings done by Home Economics branch, Ontario Ministry of Agriculture and Food. There are 1,280 branches in Ontario with 36,776 members. There are 2,736 life members.

Mrs. Harvey Houston, Lockport, the Public Relations Officer expressed thanks to the Directors for notifying her of the press coverage in many parts of Ontario. 246 pieces of mail were handled from October to April. Mrs. Clifford Barber, Belleville, presented the proposed budget of the Finance Committee. Ontario W.I. presented 14 awards to students of College of Family and Consumer Studies, University of Guelph. In 1974 they will give 20 awards.

Mrs. Harvey Noblitt reported attending many committee meetings. At a meeting of the Northern Canada W.I. at the F.W.I.C. office in Ottawa, Mrs. Paton, the new Field worker for the NCWI, was present. It was an opportunity to learn of condition in the north first hand. There are 5 active branches in the north. "Northern women are fragmented by the changing world around them. Their husbands are seeking wage work and educational upgrading. Their children are sent out to schooling in English. They are facing a reversal of roles, with children more knowledgeable about survival in the white man's world around them than the senior members" of the family. W.I. can once again provide the frame work in which women of the North can get together to learn from each other.

Miss Helen McKercher, director of the Home Economics branch, Department of Agriculture and Food, said there would be 114 District workshops on Nutrition in all parts of province. There were 3265 4-H Homemaking clubs, with a membership of 20,750. 26,000 women attended Food Forums and courses, an increase of 1,000 persons. Any group may sponsor a 4-H or short course if they supply the leadership. Miss McKercher urged the branches or individual to subscribe to the F.W.I.C. publication Federated News, with an objective of 500 new subscribers. Renewal date is December 15th, sent to Ottawa office.

A report on the Ontario Food Council was given by Mrs. Cecil Bell, Prescott. Priorities as proposed by Department of National Health and Welfare would strengthen government's regulatory role for Canadian food supply. Develop an effective program in nutrition information education, to develop individual responsibility, and train health professionals to meet nutritional needs.

Mr. Nyholt, Ontario Dairy commission, spoke of the increased milk costs such as feed, fertilizer and labor. They are rising far in excess of any other commodity. There are only 17,000 milk producers left in Ontario. There will be a shortage of fluid milk before too long.

Mrs. Austin S. Zoeller, New Hamburg, presented an informative report on the Erland Lee Home at Stoney Creek. June 10th - 14th is Ontario W.I. week and it is expected many bus loads will visit the home. The branches, Districts and Areas have been most generous in their support which makes the project most worthwhile. The members are aware that this project will take years and will need both financial and moral support.

Mrs. Austin S. Zoeller, New Hamburg, convener for Resolutions, chaired the meeting when following resolutions were sustained. "As railroad service is being discontinued in many areas of Ontario, which only a hundred years ago was the newest and most efficient mode of travelling and built through hard labour and hardship, F.W.I.O. appeal to the Department of Tourism and Information, Toronto, to retain some of these railways as a tourist attraction, also for the pure enjoyment and delight of our citizens."

"Whereas a great many snowmobiles are crossing private properties as well as parks and picnic areas which are owned and maintained by certain W.I.'s; under present law of negligence may hold such property owners responsible for accidents, be it resolved that F.W.I.O. request the Ontario government to enact legislation, prohibiting snowmobile operators from bringing any action, except for malicious acts on the part of the owner or occupier of the property."

"Whereas there is an alarming number of car-train collisions resulting in tragic loss of life and enormous loss of property damage, both public and private, diesel train engines are a dull drab colouring blending with surrounding countryside, resolve that CN and CP railways paint their engines noticeably brighter color (orange, red or yellow), install flashing lights on top of engines, which would be visible from all angles; step up program of marking box cars, flat cars and tank cars with a fluorescent strip in such a manner as to pick up headlights of an automobile approaching a crossing at night."

"As there is an increasing number of stores opening their doors to Sunday shopping, as we are concerned with high cost of food and preserving the quality of family life the F.W.I.O. go on record as being opposed to unrestricted Sunday retail selling."

"Whereas there is no significant recognition given to the birth date of our Founding Father of Confederation, Sir John A. MacDonald, and children and adults would be more aware of our cultural heritage and Canadian history, the F.W.I.O. request the Prime Minister and the Federal Government to declare, January 11th as Sir John A. MacDonald Day."

Mrs. Frank Skull, Fonthill, gave the Junior W.I. report. There are five branches in Ontario. Their project, the printing of a booklet "A little bit of everything" has been most successful. The week long session concluded on Friday.

Cancer can be beaten.

From OHÉU News

COST OF LIVING

by Stan Fedorowick

		% Change			% Change
Dec/73	156.4		Dec/72	143.3	
Jan/74	157.6	.77%	Jan/73	144.5	.08%
Feb/74	159.2	1.0%	Feb/73	145.3	.06%
Mar/74	160.8	1.0%	Mar/73	145.7	.03%

The C.P.I. has already exceeded the 158.8 points which are required to qualify for the remaining 1-1/2% of the 3% increase in the Cost of Living Adjustment. The next activation level is at 163.2. Due to the 6-month limitation no C.O.L.A. will be paid until August 1974.

The above figures show the rate of inflation as compared to the same period a year ago. The year/year increase in 1973 was 9.1% or an average of 7.6%. The latest figure published in April (160.8) is 10.4% higher than the April 1973 figure. Immediately after April 1973 the C.P.I. continued to escalate until the present time where we have an unprecedented 1.0% per month increase.

"Food prices rose 18.6% last year and continue to be the most unstable component. Indications are that price of meat will increase again even with the Government subsidies. It is reported that canned goods will increase up to 30% by fall. Along with this rise in petroleum products next month will have a terrific impact on overall prices."

One must wonder about the logic of rising prices and at the same time the unprecedented rise in profits. This phenomenon occurs only when the demand exceeds the supply which generally indicates that our production of goods and services are at full capacity. At this point the corporations are aware that they will get the suggested price for their products. If these exorbitant profits were plowed back into the economy by increasing production capacity as well as advancement in technology in order to increase productivity, then we would be well on the way to a turn around in the price spiral. Unfortunately, the corporations are motivated by maximization of profits and will only react to the needs of the economy by threats of adverse legislation or a loss of profits.

Cancer can be beaten.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

With that eager smile, Gerry has dark eyes, brown slightly curly hair with reddish highlights and medium complexion featuring an endearing sprinkle of freckles. You'd think a 10-year-old with a smile like that would be a happy, carefree youngster but Gerry has been affected by some unhappy times. Because of an unsettled period in his life he has been in a residential treatment centre. Now he is ready to leave.

Understandably, it will likely take Gerry a little time to adjust to family living and to form a close relationship. He really wants a mother and father so is anxious to try. Parents with warm, understanding and patience will find Gerry a challenging, rewarding and lovable son.

Alert and intelligent, Gerry is at least average in intelligence though not working up to his potential. He is in Grade 3 where his major difficulty is in reading.

Gerry loves the outdoors and especially enjoys camping, tobogganing and swimming. He is an enthusiastic Cub who gets on well with other children but seems to relish adult company.

Gerry needs parents with warmth and patience plus the ability to establish rules and stick to them calmly. Preferably there will be no other children at home, certainly none younger than Gerry.

To inquire about adopting Gerry, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

New stamps honor posties

OTTAWA - Postmaster General Andre Ouellet, last week announced the June 11th issue of six stamps marking the centenary of letter carrier service in Canada and honoring postal employees.

The new stamps depict a letter carrier, a rural mail courier, a mail service courier, a postmaster, a mail handler and postal clerks including a supervisor.

There are 7,000 postmasters, 13,000 letter carriers, 2,000 supervisors and 30,000 other employees to make up Canada's postal staff of 52,000.

BY TOM TREMFIX

Question: Most of the caulking on the outside of my home (around doors, windows, etc.) is dried out and loose. I want to replace it with new caulking that will last a long time. Any recommendations?

Answer: To get a long-lasting job, you must choose the right kind of caulk for the job, make sure it's of top quality, and then apply it properly.

In your case, I recommend using Tremco Premium Outdoor Caulk. It's a high-quality architectural-grade synthetic-base caulk that will give you a long-lasting job on most any outdoor joint, including wood, stone, and metal, up to 3/4" wide by 1/4" deep.

Tremco Premium Outdoor Caulk is formulated to withstand considerably more joint movement than lower-price caulks can. It also adheres better to provide a durable, flexible, weathertight seal. Premium Outdoor Caulk comes in handy cartridges and in two colours: white and aluminum-oxide.

While at your nearest dealer's Tremco Caulk Center, be sure to pick up a copy of our free booklet, "Tips on How to Do a Professional Caulking Job." If he's all out, you can order a copy from Tom Tremfix, TREMCO, 220 Wicksteed Avenue, Toronto, Ontario M4H 1G7.

Museumobile at Hyland Crest

THE ROYAL ONTARIO MUSEUM'S 'MUSEUMOBILE' IS SCHEDULED TO BE ON DISPLAY TO THE PUBLIC AT MINDEN'S HYLAND CREST SENIOR CITIZENS' HOME ON TUESDAY AFTERNOON, JUNE 18. ONE FEATURE OF THE DISPLAY WILL BE THE COLLECTION OF FOSSILS OF INVERTEBRATES THAT LIVED IN SOUTHERN ONTARIO ABOUT 500 MILLION YEARS AGO, TOGETHER WITH FILMS OF THEIR PRESENT DAY LOOK-ALIKE DESCENDENTS. ONE OF THREE MUSEUMOBILES TOURING THE PROVINCE, THE DISPLAY HAS AS ITS THEME SOME TWO BILLION YEARS OF SOUTHERN ONTARIO HISTORY AS RECORDED IN ROCK.

Water safety week

By Frank Waters

It all happens on June 2 till June 8. That's when water safety week will be jointly celebrated by the Red Cross all across Canada.

During these 7 days, Red Cross Branches and water enthusiasts across the country will all pull together for one purpose: the promotion of safe water procedures.

Through your interest and participation in water safety you can help to point out that water is fun and beautiful, but that you must always THINK WATER SAFETY.

Help encourage those swimming, boating or fishing to know and practise good water safety procedures. You can help to ensure that this summer will be a safer one for all who use our lakes, rivers and pools.

For information contact: Frank Waters, Minden Red Cross, Water Safety Chairman.

WORKERS IN THE HOSPITALITY INDUSTRY

IF YOU ARE EXPERIENCED IN ANY OF THE FOLLOWING JOB CLASSIFICATIONS, HAVE YOUR OWN MEANS OF TRANSPORTATION, AND DO NOT OBJECT TO LONG HOURS, PLEASE FEEL FREE TO CALL MRS. BETTY HARPER AT PETERBOROUGH 745-0531.

JOB CLASSIFICATIONS

CHEF, COOK, KITCHEN HELPER, CABIN CLEANER, MARINE MECHANIC, MEATCUTTER; PASTRY AND BREAD COOK, CLERICAL CHECKER, CHAMBERMAID/MAN, HANDYMAN/WOMAN (MOTORS, WINCHES ETC.).

MANY OF THE ABOVE POSITIONS OFFER 'LIVE-IN' ACCOMMODATION.

HOWEVER, TO BE SURE OF THE ABOVE SITUATIONS, PLUS MANY OTHER OPPORTUNITIES PLEASE PHONE 745-0531 AND ASK FOR MRS. BETTY HARPER

THANK YOU!

CENTENNIAL CORNER

FROM THE TOWNSHIP OF CARDIFF

Cardiff Township, originally surveyed in 1862, is located in the South-eastern portion of Haliburton County. Until 1878, Cardiff Township was part of the United Townships of Glamorgan, Monmouth and Cardiff. Thomas McInroy and William Ogilvie were two of the first Reeves to serve on Council.

Settlers to Cardiff Township followed the Burleigh Road from the south and the Monk Road from the east and west. Settlements such as Highland Grove prospered as a result of the completion of the L.B. and O. Railway during the early part of this century. Farming and lumbering were major economic activities. During the 1950's the uranium industry came to Cardiff Township with the establishment of the Dymo and Bicroft Mines.

Cardiff Township is abundant in lakes such as Eel's, Paudash, Deer and Moock which offer a variety of recreation both winter and summer.

The Council for Centennial Year 1974 is as follows:

Reeve: Malcolm McGillivray

Councillors: W. James Ross
Louis Rutledge, Mac Peters, John Stapley.

COUNTY where life is living - for everyone

Water Safety Week June 1-8

CARELESSNESS CAUSES DROWNING

Statistics don't make the most interesting reading, but they often reveal interesting facts. The 1973 drowning statistics, compiled by Red Cross Water Safety are no exception.

The total number of drownings — 1379 — was an increase of 173 over 1972. All of the increase was in age groups over 13 years of age. Parents of young children did an excellent job of supervision last year, but older children and adults became careless.

The biggest single increase — 70 — was in the age group 22 to 33 years of age, with the next largest increase — 21 — in the next oldest group, 34 to 44 years of age.

People in the prime of life, who should be the most capable of taking care of themselves, become careless. Breaking the rules of water safety is asking for tragedy.

For a safe, enjoyable summer of aquatic activity, Red Cross reminds you of the basic water safety rules:

Always swim with someone else, never alone.

Don't dive into water you don't know.

Don't overload a boat. Always carry a government approved personal flotation device (PFD) for every passenger. Children and poor swimmers should wear their seat belts at all times.

Check weather reports before boat trips. Don't go if there is a storm warning.

Don't mix alcohol and water.

No matter what your age, you can learn to swim with Red Cross Safety. Special adult classes teach you not only how to swim, but the techniques of personal survival and water rescue. Help defeat statistics — keep in the swim with Red Cross Water Safety.

9th and 10th Meetings

ANSON, HINDON AND MINDEN

The Ninth Meeting of the Council of the Townships of Anson, Hindon and Minden was held in the Council Chambers Municipal Building on Wednesday, May 8th, 1974 commencing at 9:00 A.M.

Reeve: Reg Booth in the Chair.

Deputy Reeve Douglas Pritchard Councillors S. Brandon, R. Gorrie Richard Parisotto, Clerk-Administrator J. Earl Hewitt, Road Superintendent Richard C. Schell, By Law Officer.

74 111 D. Pritchard A Coneybeare That the minutes of the meeting of April 24, 1974 be approved. Carried.

Mr. Jack Johnson was present regarding brush and other dead wood on the property adjacent to his home on North Water Street. The Council agreed to contact the owner concerning removal of the hazard. The condition of the road allowance work done last year in that area was introduced and the Road Superintendent was directed to clear up the matter as soon as practicable.

Mr. Bruce Nesbitt was present requesting permission to improve passage on the road allowance adjacent to his property.

R. Gorrie-S. Brandon: That Mr. Bruce Nesbitt be granted permission to perform certain improvements on the concession road allowance between Lots 15 & 16, Concession 5, Township of Minden to provide better access to his back fields. Further it is understood that the Municipality will not be requested to petition the Ministry of T & C to assume this road into the municipal road system for subsidy. Carried.

The Tenth Meeting of the Council of the Townships of Anson, Hindon and Minden was held in the Council Chambers Municipal Building on Wednesday, May 22, 1974 commencing at 9:00 A.M.

Reeve: Reg Booth in the Chair.

Deputy Reeve Douglas Pritchard Councillors S. Brandon, R. Gorrie Richard Parisotto, Clerk-Administrator J. Earl Hewitt, Road Superintendent Richard C. Schell, By-law Officer.

D. Pritchard R. Gorrie: That the minutes of the meeting of May 8, 1974 be approved. Carried.

Letter was received from Mrs. Eleanor Gilligan requesting speed limit signs on Scotch Line Road. The present speed through the Municipality is 50 miles per hour by provincial law unless otherwise posted and 30 m.p.h. limits would not be allowed by the Ministry of Transportation and Communications. Mrs. Gilligan to be so advised.

Letter was received from Harries, Houser, Brown and McCallum solicitors regarding conveyance to the Municipality of title to a roadway constructed, being part of the 12 Mile Lake Road.

R. Gorrie S. Brandon: That legal counsel for the Municipality be requested to bring about an application for a Judge's order requiring a conveyance pursuant to the agreement between the Municipality and E. & E. Crawford relative to the construction of a new roadway. Carried.

Letter was received from Arthur and Ada Pilcher requesting re-zoning of their

property in Lot 11, Concession 5, Minden Township to accommodate housekeeping cottages. Council felt the re-zoning would not be desirable and directed that the applicants be advised of the opposition of surrounding property owners.

Letter was received from Mr. H. C. Bishop, O.L.S. regarding severances proposed in Lot 12, Concession 4, Anson Township. A plan of subdivision is to be introduced.

Letter was received from Mr. Douglas K. Elatone requesting building permit for sleeping cabin contrary to the regulation of By-law 14-67. Applicant to be advised Municipality could not issue the permit under the circumstances.

D. Pritchard R. Gorrie: That Resolution #73-106 permitting the sale of top soil and fill from Municipal pits be rescinded effective May 31st and that the materials be used solely for Municipal purposes. Carried.

R. Gorrie S. Brandon: application be made to the Ministry of Transportation and Communications for the painting of traffic lines. Carried.

R. Gorrie D. Pritchard: That the Fire Department be requested to hose down the streets at the earliest date. Carried.

S. Brandon R. Gorrie: Notwithstanding by law 14-67 as amended, it shall be understood that all originally surveyed Township lots of 100 acres more or less shall be considered a separate registered lot and any application for splitting two full Township lots shall be automatically approved by

the Municipality. Carried.

R. Gorrie A. Coneybeare: That the Clerk advise the Fire Chief to ensure without fail that any firemen answering fire calls use protective clothing including hard hats. Carried.

Mr. Stephen Howskill was present regarding the proposed relocation of the minor store from the Village Area to the new bypass.

Pritchard A. Coneybeare: That a donation of \$5000 be made to the Hindon Fire Home for their 10th Anniversary. Carried.

R. Gorrie D. Pritchard: That the Townships of Anson, Hindon and Minden endorse the resolution of the City of Mississauga relative to a per capita grant for fire protection services and further that petition be made to include the total summer cottage population to provide an equitable basis of grants. Carried.

R. Gorrie-D. Pritchard: That the road accounts be approved in the amount of \$32,337.61. Carried.

R. Gorrie-S. Brandon: That the Accounts be approved in the following amounts: General \$6,684.43 Water 42.60 Carried.

R. Gorrie-A. Coneybeare: That we purchase 1000' of snow fence. Carried.

R. Gorrie-S. Brandon: That the Road Superintendent arrange for patching of sidewalks by Royal Paving as soon as possible. Carried.

A DELEGATION FROM THE Victorian Order of Nurses headed by Miss Whitfield was present to

outline proposed services under the Homemakers' and original entrance.

D. Pritchard-S. Brandon: That the proposed Ball Diamond project in Minden Park, jointly sponsored by the Municipality and the Veterans Club be approved as recommended by the Recreation Committee with the Municipal portion being \$1,300.00. Further that the project shall be supervised by Richard Parisotto on behalf of the Municipality. Carried.

R. Gorrie A. Coneybeare: That By-law #74-19 be read a first time, be considered as read a second and third time and passed. Being a by-law to authorize the sale of certain land in Lot 19, Concession 1 Township of Minden to the Provincial County of Haliburton. Carried.

R. Gorrie-S. Brandon: That we do now adjourn. Time: 5:35 P.M. Carried.

Nurses Services Act. The matter will be finalized at the next meeting.

R. Gorrie-S. Brandon: Be it resolved that a vote of appreciation be expressed to the By-law Enforcement Officer for his attention to duty without exception. Carried.

The Clerk was directed to protest the removal by the Ministry of Transportation and Communications, of the "Haliburton Highlands Tourist Area" signs.

Letter was received from Mr. G. Heywood, on behalf of Mr. E. Laanemets, requesting the repair of the entrance to his property on the Canning Lake Road. The Road Superintendent was directed to repair the

property in Lot 11, Concession 5, Minden Township to accommodate housekeeping cottages. Council felt the re-zoning would not be desirable and directed that the applicants be advised of the opposition of surrounding property owners.

R. Gorrie D. Pritchard: That By-law #74-19 having been read a first time, be considered as read a second and third time and passed.

Being a by-law to levy and collect the rates of taxation for the year 1974. Carried.

R. Gorrie S. Brandon: That we do now adjourn. Time: 12:55 P.M. Carried.

SENIOR SOFTBALL

Tommy Lee Hurls 8-Hit Win

The Stedman Raiders made it three straight wins without a loss on Monday evening in Minden, when they trounced hapless Gooderham, 8-10.

Tom Boyce started on the mound for the Raiders but ran into a lot of trouble in the top of the second inning when he walked seven batters to tie the game at 4-4. Tommy Lee was then called in by coach Neil Burk. The first two batters for Gooderham, singled to put Gooderham up 7-4 but Tom got the next two batters out in the disastrous inning. From here on Tom allowed just eight hits and three runs. The surprising thing about this is Tommy Lee had never pitched in the Senior league before. He has played in this league for six years as an outfielder. Looks like another fine surprise for the Raiders this season to go with No. 1 pitcher Rick Hartwick.

Al Trepanier led the Raider offence with four hits in five at bats, scored four runs and had two RBI's. Bob Austin continued his torrid RBI hitting with more in this game, bringing his three game league leading total to 10. Al McMullen also had a hot bat for the Raiders, four hits in six trips to the plate, scored twice and drove in four runs.

Tommy Lee (1-0) picked up the victory, allowing eight hits, no walks, three runs and had five strikeouts. Tom Boyce allowed one hit, seven walks and had one strikeout. Bob Kane (0-5) gave up eighteen hits, six walks and struck out two.

Wes Sawyer and Murray McGuinness handled the umpiring.

Vasey's Midgets Getting Stronger

The Haliburton Huskies had their hands full on Tuesday evening in Haliburton as Vasey's Midgets came up with a spirited display of hustling softball, only to succumb in the seventh inning on three errors, to lose 6-2. The more experienced Huskies led by only one run 3-3, going into the bottom of the seventh inning.

Scotty Larue led the Huskie attack with three hits in four at bats, scoring once and knocking in a run. Roger Bain also came through with three hits and an RBI.

Mark Seboll (1-1) evened his season record at one win and one loss in going the distance for the Huskies. The Midget's Tim Bain (0-1) suffered the loss.

Cliff Burke and Wes Sawyer were the officials.

Dominion Hotel-West Guilford-Tie

The Minden fairgrounds was the site of the fastest Senior softball game of this young season on Wednesday evening.

The Dominion Hotel scored in the bottom of the sixth inning on a sharp single up the middle by Gene Newell that brought John Welch home from second, to tie the game 7-7 with the West Guilford Redmen.

The Redmen opened the scoring in the second, when Craig Stamp doubled and scored on Floyd Henry's double. Mike Jackson got this one back in the last of the second when Royce Miller doubled to centre. Dominion went ahead for the first time in the game in the third on Murray McGuinness's second homer in two games and sixth in his last six games dating back to last year's playoffs. West Guilford regained the lead 3-2 in the fourth only to have Dave Dojlo lead a grand slam homer over the left centre field fence in the last of the fourth, putting Dominion once again in the lead 6-3.

However, West Guilford never quit. In the top of the sixth George Nicholls slammed a double to left scoring two and then Craig Stamp smashed a two run homer to the right to put the Redmen ahead 7-6 and lead to Dominions tying score in the bottom of the inning.

Jack Snell (1-0-1) allowed sixteen hits, two walks and seven strikeouts in nine innings for Dominion. Wade Stamp (1-1-1) gave twelve hits, one walk and struck out four in five and two-thirds innings then got relief help from Craig Stamp, who gave up three hits, two walks and two strikeouts in three and a third innings for West Guilford. Neil Burk and Bob Austin umpired the game.

In other games played last week, Vasey's Midgets edged Gooderham 8-4, Dominion Hotel downed West Guilford 7-2 and Haliburton Huskies dropped Vasey's Midgets 7-1.

BOWLING

Carnarvon Trounces Fenelon Falls

On Sunday afternoon at Medleys Bowl, the Carnarvon Mixed Inter-House Bowling tournament took place, with three teams from Carnarvon and three from Fenelon Falls. This was the rubber match between these two towns and Carnarvon won going away 101-31. The Medley's Bud and Muriel, put on a small lunch at the tournaments conclusion and the two towns agreed to hold this tournament on an annual basis, due to its extreme popularity this year.

Following are the results of the tournament:

TEAM PRIZES

1st - Carnarvon - Lil Gorvette - \$30.00
2nd - Carnarvon - Pearl Foster - \$21.00
3rd - Fenelon - Shirley Wilson - \$10.50

HIGH TRIPLE FLAT

1st - Carnarvon - Wes Staite - 73 - \$15.00
2nd - Carnarvon - Ron Robertson Sr. - 79 - \$10.00

Ontario's lodge-life

Haliburton still favored for cottages, lodges

BY ROBERT TURNBULL

SO MANY things crowd into memory when I think of Haliburton. Twisting, roller coaster roads that made a yo-yo of one's stomach, particularly the dampish day I shared the rumble seat of a Ford roadster with a spaniel which had been sprayed by a skunk and thereafter bathed in tomato juice. A remedy of doubtful efficiency.

Summer nights beside a campfire and cotteepot on a bank of the Burnt River near troutdale waiting for the first faint glimmer of dawn to go upstream to a quiet pool below a waterfall there to fish for big bass. A Sunday at the same campsite, now the site of a cottage where after a torrid afternoon I hung my only pair of trousers over the fire to dry. They fell unnoticed into the flames and were consumed. That was the eventful weekend when a twister swept through Haliburton topping trees like jackstraws so that we literally had to heave and hack a way out for the car along the trail to the highway.

These things happened years ago at a time when Halls and Little Hawk lakes knew only the scantiest peppering of summer cottages; days when if one wanted lake trout for supper one simply went out for half-an-hour and caught one or two. Never failed.

Haliburton was wonderfully wild in those years when lakes such as Kenogawebog were uninhabited and inaccessible by road.

Yet, in spite of the great cottage in

flux of the past 20 or so years, Haliburton remains more of a wilderness-type region than Muskoka or the Kawartha. At least the terrain gives that impression—thickly timbered (hardwood and pine) high hills and rugged crags rimming myriad lakes. Main highways, such as No. 35, have been vastly improved, but still are delightfully serpentine in places and from their hilltops offer many fine panoramas. A drive up No. 35 from, say, Fenelon Falls to Dorset or Dwight is thoroughly enjoyable, especially when autumn foliage is in full flame. And there are countless secondary roads—221, 530, 519, 503—to explore and mayhap get momentarily lost.

For panoramic views of the rugged countryside of the Haliburton Highlands visit the high overlook just north of Dorset and the one on the outskirts of Minden, (where there is a handy information bureau on No. 35 at the entrance to town).

Insofar as accommodation is concerned Haliburton is well off in the number of lodges, motels and house-keeping cottages; close to 70 establishments, plus several campgrounds. They are scattered throughout the region, with several of the bigger and better known family resorts being congregated around Lake Kashagawigamog between Minden and the town of Haliburton. Among them are Wig-A-Mog Inn, open the year around, with supervised programs for children; Deer Lodge, also providing activities for youngsters; Locarno-On-the-Lake

which boasts it never is empty, during summer, and which too has a children's program. On the southeast shore of Kashagawigamog is Chateau Woodland, a rustic resort in a large chunk of wooded parkland. The main building is one of the most architecturally impressive lodges in Ontario.

The building has an extraordinarily lofty ceiling and not a single pillar to interfere with the spaciousness of the floor occupied by dining room and a lounge with huge stone fireplace. The walls are almost all window looking out on lake and woods. No organized program, however, for the small fry.

As is 'common' throughout Ontario, angling (a product the province has merchandised for years, although currently less stressed) is one of the prime attractions in Haliburton. By no means, however, do activities end with worm-dunking. Wig-A-Mog is unquestionably the lodge with the most varied program, offering golf (shuttle service by boat to a course three minutes away), shuffleboard, badminton, horseback riding, bocce, horseshoes, table tennis, songfests, special parties, dancing in the discotheque.

Deer Lodge, nearby, also has access to golf, and provides tennis, badminton, dress-up parties and sherry parties.

Locarno-on-the-Lake inclines principally to family relaxation, but it, too, is close to golf.

Chateau Woodland also is handy for golf, provides tennis, and is ideal for woods rambling.

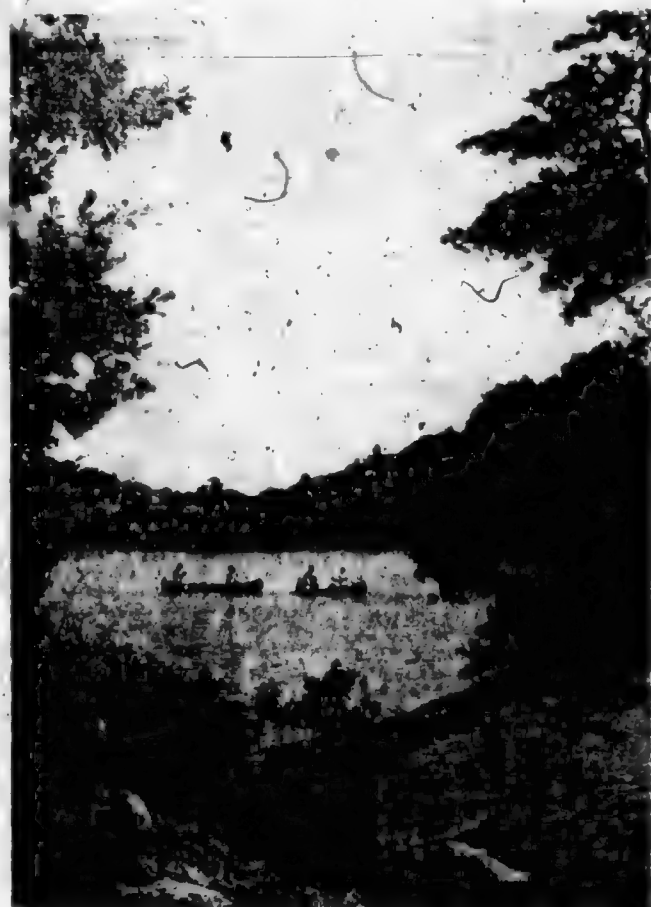

It goes without saying that all Haliburton resorts are well situated for water sports of every sort.

At the better resorts figure about \$115 to \$150 per person per week, although in quiet periods one might be lucky enough to find space for less. Children's rates usually are approximately half the adult. Most lodges provide weekly or other packages at special rates.

Thomas Chandler Haliburton, Nova Scotia born author of the Sam Slick, Yankee clockmaker tales gave Haliburton its name, although I have an idea he may never have visited the region. If he did, he didn't linger long. He just happened to be chairman of the Canadian Land and Emigration Co. which bought one million acres of Ontario in 1861 as a speculative venture. Oldest community in the region is Minden, first settled in 1859. Quite a place it must have been, because the story is told that a party begun by the citizens on New Year's Eve 1864 lasted four days and five nights.

Anyway, the man Haliburton left Canada for England, died there in 1865 and was buried at Isliworth beside the River Thames. For details of accommodation and sightseeing in Haliburton write to the Information Bureau, Chamber of Commerce, Minden.

Haliburton region has had no rail service (formerly CNR) for some years. Bus service from Toronto to Haliburton, Minden and places en route is supplied by Travelways. Most resorts are prepared to arrange pick up of guests at bus points.

Haliburton has been a summer spot for years for both cottagers and lodgers.

NOTICE

PURSUANT TO THE DOG TAX AND LIVE STOCK AND POULTRY PROTECTION ACT OF ONTARIO; AND PURSUANT TO BY-LAW NO.5-67 OF THE MUNICIPALITY OF THE TOWNSHIP OF LUTTERWORTH;

ABOUT THE TOWN

with Jeane Sears

Don't know if this is new or not--a friend told me that two Canada Geese had been visiting them the past week or so; their cat goes to the shore and looks at them and the geese disappear. Then, when the cat is gone, back come the geese. Perhaps they will stay here for the summer and then re-join their flock for the south late next fall. Mr. and Mrs. Louis Lemieux were pleased to be present at a dinner party at the Town & Country in honour of Mr. and Mrs. W. Donstan of Toronto (her mother) on the occasion of their 63th Wedding Anniversary, June 2nd. Visiting with Mr. and Mrs. Jack Chaff are their daughter Mrs. Ida North and Danny from Calgary, Alberta. Congratulations to the newlyweds, Mr. and Mrs. Bob Robinson (nee Sharron Hughes) whose wedding was Saturday.

On a walk we noticed the lovely garden at the Frank Buttmore's. Really nicely laid out and colourful. This must take many hours of work but the effort is worth the result.

Mr. and Mrs. Dennis Moore of Borden and Mr. and Mrs. Alan Brydson and family of Bracebridge spent the weekend at the Brydson cottage at Boshing.

Sincere sympathy to the families and friends of the late Mrs. Lawrence Pritchard, Russell Stevenson, Jack Duncan and Emery McKay whose funerals were since last week. All her friends send good wishes to Molly Locke who is presently a patient at Sunnybrook Hospital, Toronto. Paul Seelby of St. Paris, Ohio has returned home after spending a month's vacation with Bert Coulter.

Mr. and Mrs. Garnet Moore and Mr. Francis Lowe of Clementsport, N.S., spent the weekend with Mr. and Mrs. Wm. Moore. Mrs. G. Moore was in Ontario to attend the funeral of her father, Mr. Murray Bridgen of Georgetown. Weekend guests with Mr. and Mrs. Bob Hughes were Mr. and Mrs. Blake Hughes and Amy of Port Credit.

We welcome to St. Paul's Anglican Parish, Gerald Brodie, who began his duties as Student Associate last Sunday. Rev. A. Hutchison and Mr. Brodie are attending a New England Parish Training Program Conference in New Hampshire this week.

Mr. and Mrs. Fred Wright enjoyed a week's visit with Mr. and Mrs. Ted Johnson and family of Scarborough. While there they attended the confirmation of their grandchildren Ray and Ruth.

Weekend guests with Mr. and Mrs. Harold Coulter were Mr. and Mrs. George Johnson of Whitney. Mr. and Mrs. Alex Beattie and family of Toronto spent the weekend with relatives in the village.

At the L.O.B.A. Card Party at the Orange Hall last Monday night, winners were for cribbage Joyce Hewitt and Bill Bennett; for euchre, lone hands on a cat, Greta Alana, May Wright, Pearl Cowan, Bill Elcome and Phil Robinson. After the games, all enjoyed a social half hour and the delicious lunch served by the ladies.

Weekend guests with Mr. and Mrs. Lyman Cox included Mr. and Mrs. Goldie Henderson and family of Roseworth, Mr. and Mrs. Ron Cox and family of Peterboro, Mr. and Mrs. Basil Cox and family of Bancroft, Mr. and Mrs. Allan Cox and Joel of Terry Hill and Mr. and Mrs. Garth Horsely and family of this village.

Mr. and Mrs. John H. Harrison were in an accident and they are patients at Rose Memorial in Lindsay. All their friends send them good wishes.

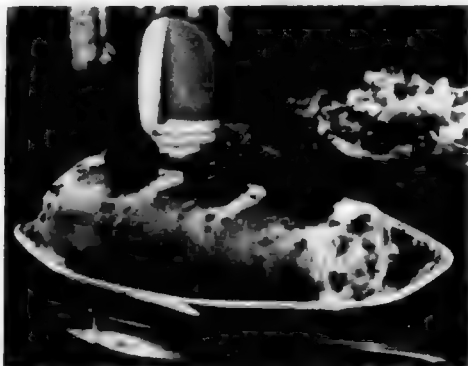

There were 19 new Communicant Members confirmed by the Bishop of Toronto in St. Paul's Anglican Church last Thursday evening with a large crowd of members present. Mr. and Mrs. Robert Herbilley were away for the weekend in London. Mr. and Mrs. Glen Coulter of Ottawa visited his grandparents, Mr. and Mrs. Angus Coulter last Sat. The last two weeks there was once again Book Exchange through the also branches of County Public Libraries with each taking off and receiving 200 different books as well as new ones just processed at the Office. Stop in at your Branch Library, some summer visitors are very surprised at the selection available.

Mrs. Joe Warburton and Mr. and Mrs. Bruce Nesbitt are away to visit Mrs. Mary Curtis, Columbus, Ohio, who is seriously ill.

Grand weekend - traffic is heavy so drive carefully.

Cheerio until next week.

Something Special

Six generous servings of fluffy omelet-roulade and creamy sauce filling with imported Holland Cheese, onion, celery make an elegant luncheon dish.

Holland cheese luncheon roulade

A luncheon, a light supper, or even a brunch would be graced by this elegant rolled omelet-roulade. The fluffy texture of the omelet contrasts with the creamy filling which uses imported Holland Cheese, onion, celery and ham. Serve with a crunchy salad.

Omelet

- 3 tablespoons butter or margarine
- 1/2 cup all-purpose flour
- 1 teaspoon salt
- 1/4 teaspoon white pepper
- pinch of nutmeg
- 1 1/2 cups milk
- 1 1/2 cups (6 ounces) shredded Holland Cheese or Gouda
- 6 eggs separated

Cheese & Parsley Sauce

- 3 tablespoons butter or margarine
- 3 tablespoons all-purpose flour
- 1/2 teaspoon salt
- 1/4 teaspoon dry mustard
- 2 cups milk
- 1 cup (4 ounces) shredded imported Holland Cheese or Gouda
- 3 tablespoons chopped parsley

Filling

- 1/2 cup minced onion
- 1 cup chopped celery
- 1 cup finely chopped cooked ham
- 1/2 cup Cheese and Parsley Sauce

Grease a 15 x 10 x 1 baking pan; line with wax paper; grease paper; dust lightly with flour.

Melt butter or margarine in medium saucepan; stir in flour, salt, white pepper and nutmeg. Cook, stirring constantly until

bubbly. Stir in milk; cook and stir until sauce thickens and boils 1 minute. Add shredded Cheese or Gouda. Stir quickly until cheese melts. Remove from heat immediately. Let cool while beating eggs. Beat eggs to 325°. Beat egg whites until they form soft peaks. Beat egg yolks in a large bowl; beat in cooled sauce; fold in beaten egg whites. Pour into prepared baking pan. Bake in 325° oven 45 minutes until golden-brown and top springs back when lightly touched with finger tips.

Make sauce while omelet bakes. Melt butter or margarine in medium saucepan; stir in flour, salt and mustard. Cook, stirring constantly until bubbly. Stir in milk; continue cooking and stirring until sauce thickens and boils 1 minute; add shredded Cheese or Gouda and parsley; stir until cheese melts. Remove from heat. Set aside.

For filling: Sauté onion and onion in butter 2-3 minutes. Remove from heat. Stir in ham and 1/2 cup of the cheese and parsley sauce.

Remove omelet from pan. Loosen around edge with blunt side of knife; cover with wax paper and clean tea towel. Turn upside down, quickly, onto counter or large bread board. Lift off pan; peel off wax paper. Spread ham mixture evenly over omelet. Start at short end and roll-up, jelly-roll fashion, using wax paper and towel to guide omelet as you roll.

Lift onto serving platter with two wide spatulas. Heat sauce; spoon half of it over roll. Garnish with crisp bacon curls. Slice roll; serve with remaining sauce. Makes 6 servings.

OBITUARY

MILDRED MARY PRENTICE.

It is with great sadness we write these words of Millie. She was born Mildred Mary Redner, only daughter of Tom and Mary Redner of Maple Lake. Her school days were spent in the schoolroom at Maple Lake.

In 1928, she married Duncan Prentice of Prentissville, where they lived for several years. Two children were born to them - Betty Anne, who predeceased her in 1939, and a son Tom, who resides in Minden. In 1944 they moved to Minden, where she resided until her death on May 11, 1974.

Millie was a friend to many people - always willing to help. For many years, severe illness held her back from things she would have enjoyed, but in spite of her suffering, she took an active part in the work of the Women's Institute, and the Minden United Church Women, whenever her health allowed. Many of us will miss her daily chat from her bedside telephone.

Left to mourn her passing are her husband, Duncan, her son Tom and his wife Margaret, four grandsons - Jack, Tom, Tony and Terry; her father Mr. Tom Redner and two brothers Jack and Clarence of Maple Lake. Service was from the John Welch Parlours by Rev. Bushell, with interment in Minden Cemetery.

CKVR Summer shows

An increase in the reporting of weather conditions, an innovative new morning program and additional movie are highlight the schedule planned by CKVR-TV for the Summer of '74.

CKVR-TV, located in Barrie has rebroadcasting stations in Parry Sound, Muskoka and Haliburton and serves one of the largest and busiest vacation areas in Ontario. The 1974 summer schedule reflects CKVR's desire to relate more closely to the activities of the summer visitor as well as the year round resident.

'Weather'...CKVR-TV recognizes the important role that the weather plays in any vacation area and has planned several innovations to its weather reporting this summer. The CKVR Weather Word will be introduced as a feature that will enable viewers to find out the most up-to-date, official forecast simply by tuning in one of the frequent station breaks. While the station identifies itself, a slide will be shown that will give the latest weather forecast for the CKVR coverage area.

Other related information such as Marine Conditions and Forecasts, and conditions at Muskoka Airport will be made available as part of the regular CKVR weather programs. Additional weather programs will also be featured this summer especially on weekends! 'Daybeat' to be seen week-days beginning at 8:00 am will feature information, controversy, entertainment and opinion, in the language and terms of the man in the street.

'Movies'...CKVR Television will also continue to provide top movie entertainment with 22 movies EVERY week, including double bill features Sunday through The rocky and All-Night Theatre Friday and Saturday (and Sundays on long weekends). Also continuing are the popular 8:00 pm Movies and the Thursday 9:00 pm movies.

Most of the favorite prime time shows will repeat during the summer. These include Partridge Family, Cannon, Mary Tyler Moore, Police Story, All In The Family, MASH, The Beachcombers, The Waltons, and Mannix continues at 10:00 pm on Fridays, while Montreal Expo's Baseball will occupy most Wednesday evenings.

**Chew Eating Garlic Can Help
Prevent Arteries From Clogging**

Eating garlic may help prevent diseased arteries.

Medical tests have shown that the pungent root has a "very significant protective action" in limiting the effects of fat blood coagulation, said Drs. Arun Bordia and H.C. Bansal of R.N.T. Medical College, Udaipur, India.

Reporting in the British medical journal Lancet, the doctors said the blood of 18 patients clotting more slowly when they ate garlic with fatty food than when they ate it without garlic.

They said this meant garlic could slow down the buildup of fatty deposits on artery walls and help prevent the arteries from clogging.

**People problems can be serious
problems.**

**This is what Ontario is doing
to help solve them in advance.**

Recently arrangements were made for a group of Indian children to attend the public school in a northern Ontario town. The principal of the school in the town was aware that Indian children sometimes had a rough time at the hands of other students, and to try to forestall this kind of situation, he called in a Human Rights Commission counsellor to talk to the other children. The counsellor asked the children if any of them had ever moved to a new school, and what they thought it would feel like if they were the strangers in this way he helped them understand how the Indian children would be feeling when they arrived, and the integration proceeded relatively smoothly.

Community counselling is one of the major roles of your Ontario Human Rights Commission. We hold seminars and discussions with police in areas where there are communication barriers between them and minority groups, to help relieve ten-

sion and promote mutual understanding. We attend meetings of immigrants and native-born minority groups to explain to them both their rights under the legislation and their responsibilities as citizens of this Province.

We also help bring people into contact with local agencies like home-and-school groups, community and government agencies, and churches which are available to help but which many people don't even know exist. Wherever there's a difficulty based on race, language, colour or creed, the Human Rights Commission is available to generate discussion and motivate people to develop understanding and respect for the other's point of view.

Our job is to help bring people together and encourage healthier relationships among all groups.

If you would like more information or assistance, contact the Human Rights Commission at any of the following addresses.

Gay 90's Night

One of the colorful major attractions of the various birthday celebrations planned for Haliburton County this year will be the upcoming Gay Nineties Night Birthday Party set for July 4. To be held at Minden's Highland-Crest Senior Citizens Home, the party is open to one and all with the suggestion that participants dress up in the clothes and fashions of yesteryear, if at all possible. Features of the evening, which gets under way at 7.30 p.m., include the Minden Kinsmen Chuckwagon, the Cardiff Senior Citizens Square Dancers, a step-dance team formed recently by Doris Thompson, a barber shop quartet, the Haliburton Centennial Choir and the musicians of the Ministry of Natural Resources, Minden Branch. In costume or not, you won't want to miss it. Please note: all streakers must pre-register.

Richard Parisotto, A.M.C.T.
Secretary-Treasurer
Minden Recreation Committee
P. O. Box 98
Minden, Ontario.

Ontario believes that residents 65 or over, the blind and the disabled should have an income of at least \$2600 a year.

In July, Ontario will introduce a Special Benefits program. It will place extra funds on top of federal Guaranteed Income Supplements—enough to guarantee the elderly who are qualified residents of Ontario an income of \$2600 a year. Blind and disabled people who qualify for Family Benefits will also be entitled to these special benefits.

Beginning September 1, approved drugs prescribed by a doctor or dentist will be available, free of charge, to those qualifying for the special benefits outlined above, Family Benefits or the federal Guaranteed Income Supplement. Drug cards will be mailed automatically. You don't have to apply for them.

Who will receive these special benefits?

If you are 65 or over
(with an annual income of less than \$2600), and you now receive both Old Age Security and the Guaranteed Income Supplement.
You will receive your benefits cheque each month, automatically. You do not have to apply for it.

If you are 65 or over
(with an annual income of less than \$2600), and you do not receive any federal income supplement.
please give us a call.
Our telephone number is shown below.

If you are blind or disabled...
and you now receive assistance under Ontario's Family Benefit Program.
You will receive your benefits cheque each month, automatically. You do not have to apply for it.

If you are blind or disabled...
and you do not receive Provincial assistance.
please give us a call.
Our telephone number is shown below.

Any questions? Call us, free of charge. Dial "O" and ask the operator for Zenith 8-2000. Residents within the Metro Toronto local calling area should dial 965-8470.

Frank Miller, Minister of Health

T-4-100A

Licked! At a formal dinner party a mother was horrified when her young son reached all the way across the table for the butter.

"What's the matter with you?" she hissed under her breath. "don't you have a tongue?"

"Sure," muttered the lad, "but it isn't as long as my arm."

Zesty Baked Eggs

6 to 12 eggs.
1/2 teaspoon Worcestershire sauce
salt and pepper to taste
1/3 cup salad dressing
3/4 cup grated cheese
1/2 cup milk
1/2 teaspoon paprika
bread crumbs

Mix seasonings and salad dressing. Do not use mayonnaise as it will become too oily when baked. Use a dressing that is not all oil and egg but has some additional thickening agent as well. So called commercial thick "salad dressings" fill the bill. Add milk gradually, stirring until smooth. Add grated cheese and cook over low heat, stirring constantly until cheese is melted. Add paprika.

Pour about 2 tablespoons sauce into 6 greased individual ramekins or custard cups. Break one or two eggs into each dish. Top with remaining sauce and sprinkle with fine bread crumbs. Dot with butter if desired and bake in a moderate oven, 350°F. about 15 minutes or until eggs are set to desired degree. Serve at once with crisp salad and/or hot vegetables.

Yields 6 servings.

WANTED - Cottage or cottage lot, preferably waterfront, have cash client waiting.

WANTED farm or acreage, client with cash is waiting.

SOYERS LAKE - REDUCED - 3 bedroom frame cottage, 4 pc. shower, 24 ft. x 40 ft. F.A.O. heating, double car garage, level lightly treed lot, good sand shoreline, 4 season access, two room bunkie. Were asking \$33,900.00; NOW asking \$32,900.00.

TWELVE MILE LAKE - Large executive three season home with fully equipped 2 bedroom guest cabin, 176 ft. frontage, year round road, western exposure, beautiful sand shoreline, well treed and landscaped, excellent view, main cottage has 5 bedrooms, 3 pc. bathroom, stone fireplace, easily winterized, new septic tank and tile bed. Asking \$70,000.00 or \$55,000.00 less guest cabin and and 65 ft. of land.

LAKE FRONT LOTS

SANCTUARY - located on pond with marsh home of ducks and geese, nicely treed with softwoods and hardwoods, 500 ft. frontage, private road, no hydro, ideal spot to get away from it all. Terms. \$5,000.00.

HAWK RIVER - \$995.00 down, 13 riverfront lots, nicely treed, flat lots, sandy soil, water access to Hall's Lake, year round road, hydro available, excellent building sites. \$4,000.00 to \$6,000.00.

REDSTONE LAKE - acres of vacant land, high at front, 550 ft. lake frontage, excellent view, road and hydro nearby. Asking \$20,000.00.

CLEAR LAKE - Minden area, 132 ft. x 236 ft. depth, nicely wooded, safe swimming, lot partially cleared, hydro available. \$10,000.00.

RESIDENTIAL AND COMMERCIAL LOTS

MINDEN AREA - Residential - level lot on corner, 2 miles from village. Asking \$4,000.00. Access to river and Gull Lake.

INGOLDSBY - vacant lot, level, treed with young pine and spruce, etc., view of Kashiagawigamog Lake, ideal for permanent home, excellent building site, 100 ft. frontage on township road. \$8,000.00.

MINDEN BY-PASS - level commercial lot, 160 ft. frontage, 400 ft. deep, centrally located. Asking \$13,500.00. Excellent motel or restaurant site.

FARMS AND ACREAGE

HARBURN ROAD - Hobby farm - 60 acres with farm home, partially cleared and wooded, situated on township road within minutes of shopping and schools. Two storey home, 20 x 24, 4 bedrooms, 3 pc. bathroom, well water, good maple bush, creek on property, 1 log stable. \$59,000.00. Terms. \$25,000.00 down.

KASHAGAWIGAMOG LAKE - 23 acres of mostly cleared land with some mature pine, 70 ft. frontage on township road with access to lake, excellent for retirement or development, very desirable area in the heart of vacation land. Asking \$38,000.00 cash.

MINDEN AREA - 16 acres with frontage on township and county road, nicely treed, creek, hydro, good building sites, lovely view overlooking countryside within minutes of Minden village and schools. \$9,500.00. Terms.

SAFETY AFLOAT

BE READY FOR EMERGENCIES

- in case of an upset or a swamping
- Stay with the boat
- Spot check for safety of others
- Beware of getting tangled in loose rigging
- Use the boat as a life raft

If Someone Falls Overboard

- Don't jump in—reach or throw
- Extend a pole or oar
- Look for something that will float
- a gas can, thermos jug, plastic cooler
- Toss it within reach
- Best of all—always have a rescue line in your boat with a flotation device at the end **READY FOR USE**

CANOEES AND ROWBOATS

When entering and leaving, keep low and spread weight evenly. Step aboard as near center line as possible, keep bilges free of water. If you fall out of a canoe or row boat and it doesn't swamp, reach over, place hands on bottom, press down and kick feet to surface until frame is well into craft, keeping head low. If swamped, use boat as a life raft.

SAILBOATS

Stay alert for freshening winds. A capsize usually results on its side. **STAY WITH THE BOAT** Check for safety of others. Watch out for loose rigging that can trap.

POWER BOATS

Don't sit on decks or gunwales or move about without holding on. Wear suitable footwear. Don't turn craft tightly at high speed.

OUR SINCERE THANKS

YOUR 'ON TO ONTARIO PLACE COMMITTEE' WOULD LIKE TO PUBLICLY EXTEND A SINCERE THANK YOU TO ALL OF THOSE WHO GAVE MANY HOURS OF THEIR TIME TO PRACTICE AND PERFORM FOR THE COUNTY OF HALIBURTON, ON OUR CENTENNIAL DAY AT ONTARIO PLACE.

IN MEMORIAM

ALTON - Stephen Wayne (3 years, 8 months)

In loving memory of our dear son and brother, who passed away 16 years ago June 1, 1958.

When family ties are broken,
And loved ones have to part;
It leaves a wound that never heals,
And also a broken heart.
Your end was very sudden
It made us weep and cry;
But the saddest part of all
We never said goodbye.
To those who have loved ones,
Treat them with loving care;
For you will never know
the heartache,
Till you know that they're
not there.

Sadly missed by Mom,
Dad, Brother and Sister.
